

FAQ's ABOUT MSE and the BA (Honors) Program

1. Why choose MSE BA (Honors) Economics?

We are an institution specializing in the field of Economics. This Programme will be rigorous, analytical, quantitative and data driven. It will equip the students with the necessary skills to address a variety of social science questions. The course is very quantitative in nature and offers a gateway to a lot of opportunities, be it in academia and higher education (both in India or abroad) or be it in the industry. Moreover, your peer group will be a talented bunch of culturally diverse students with varied backgrounds and experiences. Interactions with these individuals will elevate your thought process and prove to be a game-changer in your life.

2. What is the duration of the program?

The duration of the BA(Honors) program is 3 years.

3. How to prepare for the MSE entrance exam?

The entrance test will consist of 100 questions with a time limit of 120 minutes. Each question carries one mark and there is no negative marking. The topics that the students will be tested on and their respective weightage are as follows:

1. Mathematics – 40 marks
2. English – 20 marks
3. Logical reasoning – 20 marks
4. Statistics – 20 marks

To prepare for the mathematics section it is advisable to revise the CBSE school syllabus taught in 11th and 12th grade. Students can refer to RD Sharma for concepts and practice questions. For English, questions ranging from reading comprehension to grammar will be tested. Regular reading of the newspaper, being clear with basic grammar topics and mock tests, which are available online, should suffice. Logical reasoning – lots of free online sources available. Check those out. Statistics – T.R. Jain and V.K. Ohri solutions are regarded as a helpful resource for this section. Once again revise the CBSE school syllabus taught in 11th and 12th grade for this part.

4. Can candidates who have not done mathematics in school apply?

No. Mathematics (pure/applied) in grade 12 is mandatory for admission into our BA (H) program.

4.1 Who is a prospective candidate for this programme?

The prospective candidate for this programme is someone who is not afraid of mathematics and is willing to take on a data driven and quantitative approach to the science of Economics head-on. We expect students to be familiar with Integral and Differential Calculus, Trigonometry,

Linear Algebra, Probability, and Descriptive Statistics taught in CBSE schools in 11th and 12th grade.

5. MSE fees for BA (H) programme?

Approximately Rs 85,000 per semester.

15. Employment Opportunities

An undergraduate degree in Economics opens up many possibilities for employment. Many firms, including commercial banks, investment banks, hedge funds, other financial institutions, and large manufacturing companies, seek out economists in substantial numbers. There are also many opportunities for employment in government at the state, federal level, and in the Civil Service. In addition, a growing number of research and consulting firms employ a large number of economists in areas like forecasting, industry, and financial analysis, consulting, strategy, etc.

Armed with industry relevant electives such as Data Science, Machine Learning, Forecasting, and Computer Programming, we make sure that our students are ready to address a variety of social science questions. Moreover, the quantitative nature of our programme helps our students to seek admission for postgraduate studies both in India and abroad if they are interested in pursuing further studies.

15.1 Is there a placement cell for BA (H) students?

Yes.

16. If I have more queries who can I write to?
